34	SE 128th St & 168th SE	19-May-10	Segment	Plateau		Y	↓	Y		Safety (winter weather). Sight line. The road slopes down fairly radically with a stop light a block after the slope starts. Not much site warning if the light is red. Need a sign warning of traffic light, better yet a warning light if light is red or about to turn red.

Ask that KC Roads also do a quick check of 138th and 129th between 152nd and 149th. There are a few potholes that might be efficiently addressed when KC DOT comes out to deal with the one on 139th Pl
