Guests present- Marissa Alegria, CSA Program, King County

Public Comment: None

Old business:

1. Tom provided a debriefing on the 4Culture Heritage grant application which was not funded.
2. It was noted from the CSA meeting that King County has initiated a study of the Tiger Mountain Road area because of the issue brought up by Tom on behalf of area resident presentations to FCUAC in previous meetings.

New Business:

General discussion comparing the variety of issues brought up in the recently held CSA public meetings in the Four Creeks/Tiger Mountain CSA and the Greater Maple Valley CSA were discussed:

Regarding Solid Waste:

Edie noted the proposed increase in garbage and recycling costs by the garbage provider in the Fourcreeks area. Of concern was the fact that recycling fees were proposed for greater increases than garbage fees, which seemed to contradict stated King County interests to reduce garbage and to increase materials recycled. She noted that King County cannot conducting competitive bid processes for other garbage providers because of the state's utilities commissions pre-existing policies and practices, according to answers provided at the public meeting.

Heritage Apple Orchard:

Ideas were sought for how to take possible advantage of decades old apple orchard as a teaching/learning tool for children/future farmers and source of food for area food banks.
