The meeting began at 7:10 p.m. In attendance were Denise Lockner-Jones, Cynthia Green, Oscar Bandelin, Marshall Brenden, Chuck Pillon, Dave Dahlin, Gwendolyn High, Rod McFarland, Tom Fisher and Tami Harris. Also in attendance were members of the public.

1. Minutes: Minutes from the previous meetings in June were approved.
2. Correspondence: No report was given - David Rockabrand was absent
3. Update UAC Map: Gwendolyn High advised the Council that the work to have King County create new maps would be \$55 per hour at approx 8 hours. Gwendolyn is going to write a letter to the Presidents of the other UAC's, requesting their involvement in this issue.
4. Public Comment: A member of the public broached a subdividing subject of short plots in the Rural areas which he felt went directly against the growth management act. Claudia Donnelly reported on the progress of getting a light in on 900 & 148th. Currently project is on temporary hold. Kate Kaluzny reported on the Volunteer Lake Stewardship program that King County DNRP is trying to institute, which would use untrained volunteers to assess, locate, and record, the state of lake banks, the condition of structures and the description of vegetation cover for permanent county and state records. Discussion ensued. Motion was made, seconded, and passed to write a statement of concern letter to DNRP.
5. New Business: Oscar Bandelin introduced the new business of West Nile Virus and created a sub-committee of David Rockabrand, Marshall Brendeden and himself to research the subject.
6. Department of Transportation: David Gualtieri presented information about Arterial Classification Study. Arterials are classified as 1.Principal (busiest with most mobility and land access) 2.Minor 3.Collectors. Current classification study to be completed and at the Council in Sept 2002.
